# **Florida Fresh Citrus Shipments 2014-15 Annual Report**

## **Purpose**

This report provides a summary of fresh citrus shipment data for the 2014-15 season. It contains information on shipments of fresh oranges, grapefruit, tangelos and tangerines for the domestic and export markets. The report is based on data collected by the Division of Fruit and Vegetable Inspection of the Florida Department of Agriculture and Consumer Services.

The information is tabulated in three ways:

- (1) annually with comparisons of shipments in previous seasons,
- (2) by time period during the shipping season, and
- (3) by major state markets for each variety.

## **Highlights**
